Democrats Attend Meeting at State Capital.

Time For Holding State Convention

Frankfort, Ky., May 23.—The meeting of the Democratic State Central and State Executive Committees here to-morrow will be attended by a large number of leading Democrats from over the State. Among those who have arrived to-night the sentiment is almost universal in favor of a convention the last week in June for the purpose of mominating delegates to Kanasa City, and also a candidate for Governor. It is practically conceded error. It is practically conceded that Gov. Beckham will be nominat-without opposition and the party leaders say that the interests of the party will be promoted by an early and harmonious convention.

seaders say that party will be promoted up and harmonious convention.

Gov. Beckham's friends are anxious that whatever action is taken by the committee to-morrow shall be unanimous, and if those who desire a separarate convention for Governor are unyielding the Governor's friends may join in with them for the sake of harmony. There is a general feeling that nothing shall be done which is not acceptable to all sides.

MOVED TO DISMISS.

Democrats Object To Dismissing Without Prejudice the Appeals.

Frankfort, Ky., May 23 .- In the Grankfort, Ry., May 25,—11 the Court of Appeals today ex-Gov. Bradley, representing the Republicans, moved to dismiss without prejudice the appeals of Republican minor officers from the judgement of the lower court. Counsel for the Democrats objected to the dismissal, and the court took the motion under

If the motion is sustained the appellants (the Republicans) will have two years in which to sue out their appeals in the Court of Appeals, the present appeals having been granted in the court below. If ocen granted in the court below. If the motion made by the Democrats to affirm as delay cases, be sus-tained, that would end the matter, and no further appeals could be sued out.

Knights of Pythias, held in this city yesterday, was a success, not-withstanding the fact that the attendance from several of the lodges in the district, was not as large as anticipated.

About twenty members of Mc-Kenzie lodge at Pembroke were present and the lodges of Guthrice, Elkton, Trenton, Pairview and other towns in the district sent delegations.

The morning was devoted to the reciption of delegates, and a business session was held at Castle Hall at 2:30 in the afternoon.

The electoral vote of 1896 stood 175 for Bryan against 272 for McKinley, a majority for McKinley of 97. Mr. Grosvenor figures out that Mr. McKinley will fall off in 12 electorial votes, which means the state of Kentucky, conceded to Bryan and it reduces the paobable McKinley majority to 73. He concedes Maryland to Bryan, with its 8 electorial votes, but takes away from him Washington with 4 and Wyoming gave Bryan 1 electorial votes cach, which must be included in the presont calculation.

With the concessions of Mr. Grosvenor, if Bryan receives the 7 electorial votes of Washington and Wyoming, he will have 182 electorial votes to McKinley's 253, a difference of 71. distigring, and minimizing same, scaley are of hair, when all else fails.

This sweet and wholpsome treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humors of the skin, scalp, and blood, and points to a speedy, permanent, and economical cure when all other remedies fail. The agonizing itching and burning of the skin, as in eezema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scaled bead; the facial disfigurement, as in pimples and ringworm; the awful anticring of infants and the anxiety of worn-out parents, as in milk crust, tetter, and saft rheum— all demands a remedy of almost superhunan virtues to successfully cope with them. That Curicua remedies are such stands proven beyond all doubt. No statement is make regarding them that is not justified by the strongest cridence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humor remedies of the civilized world.

QUEEN LIL HAS CANCER

Friends Say She is Going Hom to Die.

A Sau Francisco correspondent to the St. Louis Republic says:

Ex Queen Lilliuokalani arrived here from the East, and will sail for Honolulu May 30. Her secretary admitted that the Queen had been suffering for three years from cancer of the neck. The Queen's intimate friends here say mountfully that she is going home to die.

When she first arrived here 18 months ago, on her way to Washington, it was reported that she was suffering from the complaint that proved fatal to General Grant, but the report at the time was denied as it has been several times since. Now there seems to be no reason for concealment of the fact that the Queen is suffering from the cancer. Queen Lil hopes that Congress, before it adjourns, will grant her a quarter of a million dollars, as compensation for crown lands, which she still claims belong to her.

Census and Persons A From Home During June

The count of the people in the United States will begin in all parts of the country June 1, and end in the cities two weeks latter and in the cities two weeks latter and in the rest of the country before the close of the mouth. The people are to be counted at their places of residence, but as many persons and families will be away from their homes during June there is some danger that such persons will not be counted. If they are not counted, the locality in which they live will be mirepresented to that extent, and in some cases this misrepresentation may be enough to affect the representation in Congress of sentation may be enough to affect the representation in Congress of the State from which they come. Local pride and state pride, therefore should influence all such absentees to take reasonable precautions against being ommitted from enumeration in their places of residence. Such omissions are most likely to occur in the large cities where families close their homes and go elsewhere for the summer. The occurrence of the Paris exposition this year is likely to increase the number absent from the country.

ountry.

In all cases of contemplated absence the head of the family is requested by the Census Office to compute the contemplate of the supervisor of quested by the Census Omce to com-municate with the supervisor of the district in which he lives. He is also requested to leave informa-mation regarding his answers to the questions which are to be asked with some responsible neighbor who will agree to see that it reaches the numerator on his rounds. Such niormation might better be left as memorandum in writing, as in hat case it is less likely to be over-ooked. The questions to which inswers are desired apply pri-narily to the population, but also all farms and manufacturing istabilishments. They are being whilehalf grow times to the in. published from time to time in the press of the country.

By taking this trouble the absent citizens will do justice to his locality and his state, and materially aid the Census Office in the performance of its duties.

The census schedule will include inquiries about the age, color arcae, date of birth, conjugal condition, number of birth, conjugal condition, number of years married, place of birth, year of inmigration to the United States, naturalization, occupation, number of months not employed, school attendance, and ability to read or write of all per sons to whom these questions are of homes and farms, farm acreage, value and quanity of farm products amount of livestock, etc.
